

EDUCATION

University of Florida College of Medicine, Gainesville, Florida
M.D., May 2004

Johns Hopkins University, Baltimore, Maryland
B.S. Neuroscience, May 2000

POST-GRADUATE TRAINING

Resident, Department of Dermatology, University of Illinois at Chicago Medical Center,
Chicago, Illinois
July 2005 – June 2008

Internship, Department of Internal Medicine, University of Illinois at Chicago Medical Center,
Chicago, Illinois
June 2004 – June 2005

EMPLOYMENT

Staff Dermatologist, Dundee Dermatology, West Dundee, Illinois
April 2008 – present

Clinical Assistant Professor, Department of Dermatology, University of Illinois at Chicago
Medical Center, Chicago, Illinois
July 2008 – present

RESEARCH

National Institutes of Health (NIH) Research Fellowship, Polacca, Arizona, 2001
Investigated the similarities and differences between Native American medicine
and allopathic medicine by interviewing patients, physicians and shamans at a Hopi Native
American Reservation in Polacca, Arizona.

Johns Hopkins University, Department of Neuroscience, Baltimore, Maryland, 1998-2000
Principal Investigator: Solomon Snyder, MD
Investigated the mechanism of action of the novel protein, inositol hexakisphosphate (IP6)
kinase.

Jain S, Wesson S, Dharnidarka V. Nephrogenic Fibrosing Dermopathy in Pediatric Patients. *Pediatric Nephrology*. 2004 Apr 19(4), 467-70.

Jain S. Nephrogenic Fibrosing Dermopathy in Pediatric Patients. Poster presentation at the Annual American Society of Dermatopathology Conference in Chicago, Illinois. October 12, 2003.

Jain S. Comparison between Native American Hopi Medicine and Allopathic Medicine. Oral presentation at Medical Student Research Day, University of Florida. March 13, 2002.

Saiardi A, Jain S, Snyder SH et al. GRAB: a physiologic guanine nucleotide exchange factor for Rab3A, which interacts with inositol hexakisphosphate kinase. *Neuron*. 2001 Aug 16;31(3): 439-51.

TEACHING AND LEADERSHIP ACTIVITIES

Chief Resident, Department of Dermatology, University of Illinois at Chicago Medical Center, 2007- 2008

Instructor: Native American Health Maintenance Program, 2001

Created and taught a public health course in which Native American high school students were educated on different diseases affecting their community. Organized a health care team, called the Indigenous Pride Health Workers, and traveled between villages to teach local residents about health maintenance and disease prevention.

Captain, LadyBird Dance Team, Johns Hopkins University, 1998-2000

Directed, choreographed and performed dances at various events.

Residential Advisor, Johns Hopkins University, 1998-2000

Responsible for personal counseling, enforcement of rules and planning activities in the residence hall.

Teaching Assistant, Department of Neuroscience, Johns Hopkins University, 1998-1999

Organized and conducted bi-weekly review sessions for an introductory neuroscience course.

Founder of Barclay Environmental Tutorial, Johns Hopkins University, 1997-2000

Tutorial allowing college students to mentor elementary school children and educate them about the importance of the environment through different activities.
